**Subject: Requesting Higher Education Institutions (HEIs) to upload their data on AISHE portal for the AISHE Survey 2020-21**

Dear Madam/Sir,

As you are aware, that under the scheme of Higher Education Statistics and Public Information System (HESPIS) the All-India Survey on Higher Education (AISHE) has been launched by the Ministry of Education, Government of India, in the year 2011. The survey is conducted to identify all institutions providing higher education and to collect comprehensive information online on various parameters from all the HEIs. You would appreciate that in the light of the NEP 2020, and for revamping the entire education system of the country, the data collection and statistical analysis of higher education have now become more important than even before, for policy formulation and for assessing the status of Higher Education in the country vis-à-vis the important national and global indicators.

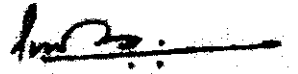

The AISHE 2020-21 Survey is currently underway to collect valuable information, including on a number of new parameters, from about 60,000 HEIs, through Web DCF. The survey started on 1<sup>st</sup> December, 2021 and after one extension, now deadline is fixed for 30<sup>th</sup> April, 2022. It has been observed that even now 427 Universities (out of about 1050 Universities) and 12,394 Colleges (out of about 47,000 colleges) have not uploaded their information on AISHE portal. As the results of the Survey are eagerly awaited for various policy and decision making, uploading of data by these pending Universities and Colleges before deadline is most essential for the AISHE 2020-21 Database to be complete and meaningful.

All the pending Universities and their affiliated colleges/institutions are requested to upload their data in AISHE portal latest by 15<sup>th</sup> April 2022, so that there is some time available for scrutiny and rectification/discrepancies.

This may kindly be treated as **MOST URGENT**.

With kind regards,

Yours sincerely,

  
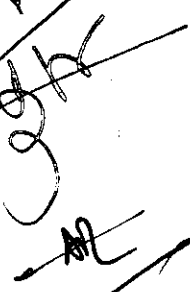

(P.K. Thakur)
