मृत्युलाकं महाकालं विद्यन्नत्र नमोस्तुते ॥

India’s economic growth story makes it an emerging global power. Protectionism rhetoric in the developed economies and the unpredictable global slowdown has not affected India. India is determined to grow through manufacturing led growth and foreign investment inflow. The approach of the government to make India as New India is quite interesting as it generate new hope among the people. India claims that it is going to rewrite growth story in global geopolitical economic sphere, visualizing new courses in its governance paradigm and and striving to pull down the old impressions of the country to evolve into a new concept of New India. India has succeeded by changing the mind set and behavior of the people and the economy is heading towards different level of growth

has made economy more shock proof and the retaining the tag of the third largest economy in the world with robust fast growing market for goods and services. The burden on the middle class should reduce. This will enable our middle classes to shine. The strength of the poor and the aspirations of the middle class will take India to new heights. The welfare schemes and program’s requires greater of transparency and accountability.

The ‘New India’ is emerging and seminar will cover the issues of New India, emerging socio-economic trends and developments that are important for India’ developments, including the rollout of the GST and its impact on corporate world, transfer pricing. The ranges of stories Resurgent India, Digital India, Inclusive India, Investor friendly India, Incorruptible India, Skill India, Clean India, Transparent India, Transformational India, Emerging India, Caring India, and Communicating India are in process of shaping India as ‘New India’. Therefore broad topic of seminar may include following subthemes:

- ] The Emergence of New India.
- ] Emerging Socio-economic Trends in India.
- ] Impact of Goods and Services Tax.
- ] Manufacturing led Growth in India.
- ] New India, the dreams of its Yuva Shakti.
- ] New India, that fulfils aspirations of Nari Shakti.
- ] A New India, exploring opportunities for the poor and underprivileged
- ] The strength of the poor and the aspirations of the middle class In New India
- ] Resurgent India.
